

ANNUAL REPORT

2010-11

MODI UDYOG LIMITED

Forward Looking Statement

In this annual report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and the underlying assumptions undergoing change. Should known or unknown risks or uncertainties materialize, or should underlying assumptions not materialize, actual results could vary materially from those anticipated, estimated or projected. Shareholders and Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Management Discussion & Analysis

The purpose of this discussion is to provide an understanding of financial statements and a composite summary of performance of our business.

Management Discussion and Analysis (MDA) is structured as follows:

- Overview of Indian Economy
- Financial Industry Overview
- Financial Performance and Highlights
- Internal Control Systems and adequacy
- Material Development in Human Resources

Overview of Indian Economy

As recently assessed by Reserve Bank of India (RBI) in its annual monetary policy in the context of global economy, while near-term risks in the advanced economies started receding in the last quarter of FY'10, the improvement, however, is yet to fully transmit to economic activity which remains sluggish. Emerging and developing economies are in the process of a recovery. However, weak external demand and domestic bottlenecks continue to restrain investment in some of the major emerging economies. Inflation risks in emerging and developing economies appear contained, reacting negative output gaps and the recent softening of international crude and food prices.

On the inflation front, last year saw consistent easing of headline WPI Inflation which came close to the Reserve Bank's tolerance threshold by March, 2011. However, the food price pressures and endemic supply constraints continue to persist suggesting a cautious approach by RBI in near to medium term. In its latest annual monetary policy, RBI has indicated that the balance of risks stemming from its assessment of growth-inflation dynamic yields leaves little maneuvering space for further monetary easing.

RBI's current assessment is that activity will remain subdued during the first half of this year with a modest pick-up in the second half. Agricultural growth could return to trend levels if the monsoon is normal as recently forecast. The outlook for industrial activity remains subdued because the pipeline of new investment has dried up and existing projects remain stalled by bottlenecks and implementation gaps.

Financial Industry overview

The company is mainly into investing , acquiring and holding shares, stocks, debentures, debenture stocks, bonds, warrants, obligations/and/or other securities issued or guaranteed by any company constituted or carrying on business in India and/or by any Government, state, public body-or authority.

It is also into acquisition of shares, stocks, debentures, debenture stocks, bonds, warrants, obligations and/or other securities, by original subscription, participation in- syndicates, tender, purchase, exchange or otherwise and to subscribe the same, either conditionally or otherwise, and to exercise and powers conferred by or incidental to the ownership thereof.

The Company is also engaged in the business of financing, assisting, helping, supporting, promoting companies, firms, businesses, associations, concerns, corporations, partnership, individual or organization in the setting up, running, working, functioning, managing, conducting, operating of any commerce, industry, trade, business, profession etc. through loans and advances .As part of its strategy to expand business from this segment, it also advances deposits or lends money against securities and properties to or with any company, firm, person or association on such terms as may be determined, from time to time, and to lend and negotiate loans and every description and to transact business as financiers.

The Company offers specialized solutions for meeting specific liquidity requirements with technical insights into capital markets. Capital markets at present are going through turbulent times due to slow-down in domestic economy, slow-down in reforms, uncertain global economic environment, economic crisis faced by a few countries in Europe, fluctuations in currency rates, etc. Although the inflation has remained steady during the year but it is still under pressure due to hike in petrol prices, burden of diesel subsidies, high fiscal deficit, etc. However, we feel that the opportunities will soon arise in the markets upon the corrective policies by the government and better fiscal management which will strengthen the economy.

Financial Performance and Highlights

During the fiscal 2011, the gross loss of the company is Rs.(51,186) and in previous fiscal of Rs. (21,609). Profit after tax for the fiscal 2011 is Nil as in previous year.

Internal Control System & Adequacy

Internal Control Systems has been designed to provide reasonable assurance that assets are safeguarded, transactions are executed in accordance's with management's authorization and properly recorded and accounting records are adequate for preparation of financial statements and other financial information. Internal check is conducted on a periodical basis to ascertain the adequacy and effectiveness of internal control systems.

Material Development In Resources

The Company continues to lay emphasis on developing and facilitating optimum human performance. Performance management was the key word for the Company this year.

Schedules annexed to forming part of Accounts

SCHEDULE – 10

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICIES

i) **Basis of preparation of financial statements**

The accompanying financial statements are prepared and presented under the historical cost convention, on the accrual basis of accounting and comply with the Accounting Standards prescribed by the Companies (Accounting Standards) Rules, 2006 and the relevant provisions of the Companies Act, 1956 to the extent applicable.

The preparation of financial statements in conformity with the generally accepted accounting principles requires management to make necessary estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the period reported. Although these estimates are based on management's best knowledge of current events and actions the Company may undertake in future, actual results ultimately may differ from the estimates.

ii) **Revenue Recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

iii) **Investments**

Long Term Investments are valued at cost. No provision is made in respect of diminution of their value as the same is considered temporary by the management.

iv) **Impairment of Assets**

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Profit and Loss Account. If at the Balance Sheet date, there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

v) **Provisions, Contingent Liabilities and Contingent Assets**

The Company recognise a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

vi) **Miscellaneous Expenditure**

Miscellaneous Expenditure representing Preliminary Expenses are charged to Profit and Loss account in the year it is incurred.

Ramavanta Banik

Mukesh

SCHEDULE '11' (Contd.)

vii) Taxation

The Company provides for Income tax based on the liability computed in accordance with the provisions of the Income-tax Act, 1961.

Deferred tax is recognized, subject to the consideration of prudence, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. In respect of unabsorbed depreciation and carry forward losses, deferred tax assets are recognized only when there is a virtual certainty, and in respect of other deferred tax assets when there is a certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

viii) Earnings Per Share

The basic earnings per share is computed by dividing the net profit attributable to the equity shareholders by weighted average number of equity shares outstanding during the reporting year.

Number of equity shares used in computing diluted earnings per share comprises of the weighted average number of shares considered for deriving basic earnings per share and also weighted average number of equity shares which would have been issued on the conversion of all dilutive potential shares.

B. NOTES ON ACCOUNTS

(a) The company did not owe any amounts to Small Scale Industrial Undertakings outstanding for more than 30 days as on the Balance Sheet date.

(b) Based on the information/ documents available with the Company, no creditors is covered under the "The Micro, Small and Medium Enterprises Development Act, 2006". As a result, no interest provision / payments have been made by the Company to such creditors, if any, and no disclosure thereof are made in these accounts.

(c) The Company is a Small and Medium Sized Company (SMC) as defined in the General Instructions in respect of Accounting Standards notified under the Companies Act, 1956. Accordingly, the Company has complied with the Accounting Standards as are applicable to Small and Medium Sized Company.

(d) Auditors' remuneration includes:
